WORK EXPERIENCE

MEDIOR BACKEND DEVELOPER

EVERLUTION S. R. O. / KOŠICE, SLOVAK REPUBLIC / MARCH 2023 - CURRENTLY

As a PHP Developer at Everlution, I am developing web applications. I work collaboratively in a team on project called Metastreet. We use linux as enviroment.

FULL-STACK WEB DEVELOPER

SENTIA S.R.O. / KOŠICE, SLOVAK REPUBLIC / MARCH 2022 - DECEMBER 2022

During my time as a Web Developer at Sentia company, I contributed to the development and production of web applications. I worked in a team on larger projects, as well as independently on smaller projects.

OTHER

- **Research at Computer Networks Laboratory (CNL):** I'm member at CNL, part of the Technical University of Košice, on applied QC and RNG. It's given me the chance to work at the intersection of theoretical research and practical, industry-relevant application.
- **Early Technical Achievement:** At 17, I developed an attendance management system tailored to Slovak labor laws, built with Symfony and Angular. It was one of the first solutions of its kind and earned me 6th place among 3,500 participants in Slovakia's largest national science competition.
